Becoming a Magazine Distributor

(Information also available at www.emw.org/distributor)

There are many benefits for a group of people subscribing to the magazine from one church or locality. It is good to have others to discuss the content with, it gives opportunity for fellowship as the magazine is distributed around homes, and we can also save on postage costs (which we try and pass on to the readers). We therefore thank you for considering becoming a magazine distributor.

What is your role?

Your main role will be to collect subscriptions, order the magazine from Rebecca in our office, and distribute the magazine every two months.

5 Easy steps to receive your magazines!

1. **Order** a church pack (via the North Wales Office) and share free magazine copies with your church family/friends.
2. **Collect** the names and addresses of people who want to order the Magazine (see back of this leaflet) and order your magazines from the North Wales EMW Office (via the phone/website/email/post)
3. **Receive** your magazines and invoice (you may pay per edition or annually)
4. **Distribute** the magazine, collect the payments and pay the EMW Office (Card, Cheque by website, phone or direct)
5. **Share** with others how great the magazine is and wait for the next edition to whizz its way through the post to you!
