

The conference is based at Aberystwyth University and accommodation is in student Halls of Residence. You'll have a lockable single bedroom (a small number of rooms with twin beds are available), and most rooms are ensuite. Each accommodation unit has shared kitchen and dining facilities. If your family or group fills the unit, this will be for your exclusive use — otherwise, you'll share the kitchen and dining area with other conference guests. There are four types of accommodation, to suit all budgets, with extra discounts for families, young people, and those on a low income.
